To Lupe & Wesley:

Earlier this afternoon, I spoke to Lowell, Gwen & [illegible]. The film, "Ask to Be" Robert Kennedy, " was being viewed. A photographer, Bill Arnold, had been introduced by Theodore Charach, the moderator. He was present at the Ambassador Hotel 6/4/68 & had taken photos. Mr. Arnold claimed that L.H.R.D. had confiscated the film, & the police seized some of the photos. I was unsure if you knew of the matter.

Mrs. Wesley explained that you are hospitalized at John Hopkins Hospital. It has been awhile since we last communicated. I hope that you will make a successful recovery. Arizona, Nanette & I visited Jeff London recently in a Sacramento [illegible] Park Bird. I continue to take classes at Northeastern Illinois U.

I wish you & family better days in the future.

Just wishin' and wishin'...

You were back in commission.
